

# UN-202A

## General Description

**UN-202A** is manufactured by United Nanotech Products Ltd. and is described chemically as a combination of aqueous suspension of nano- and micron- size particles of alumina.

## Typical Properties

**UN-202A** has the following typical properties:

Property	Analysis
Appearance	White suspension
Odour	Slight ammoniacal
Specific gravity	1.12 – 1.18
pH (1:10 solution)	8.2 – 8.3
Active component	~ 10 %

## Applications

**UN-202A** should be added under good stirring condition. Good homogeneous distribution must be observed.

## Storage Conditions

**UN-202A** should be stored at temperatures within the range 0-60°C. Storage conditions should also be in conformance with applicable legal, fire and insurance regulations.

## Shelf Life

Under correct storage conditions the normal shelf life for this product is 12 months.

## Safety Data Sheet

MSDS is available upon request.
