

UN-202A

General Description **UN-202A** is manufactured by United Nanotech Products Ltd. and is described chemically as a combination of aqueous suspension of nano- and micron- size particles of alumina.

Typical Properties **UN-202A** has the following typical properties:

Property	Analysis
Appearance	White suspension
Odour	Slight ammoniacal
Specific gravity	1.12 – 1.18
pH (1:10 solution)	8.2 – 8.3
Active component	~ 10 %

Applications **UN-202A** should be added under good stirring condition. Good homogeneous distribution must be observed.

Storage Conditions **UN-202A** should be stored at temperatures within the range 0-60°C. Storage conditions should also be in conformance with applicable legal, fire and insurance regulations.

Shelf Life Under correct storage conditions the normal shelf life for this product is 12 months.

Safety Data Sheet MSDS is available upon request.
