

| <b>Property</b>                       | <b>Analysis</b>                            |
|---------------------------------------|--|
| Appearance                            | Dust Crystalline Particle, Basic in Nature |
| Color                                 | White                                      |
| pH (1:10 Solution)<br>(1:20 Solution) | 10 – 10.5<br>10 – 10.5                     |
| Odour                                 | Nil  |
| SiO <sub>2</sub> Content              | More than 98.0%                            |
| Sodium Content                        | Less than 1.2%                             |
| Particle Size                         | 6.5 Micron                                 |
